

# FERNANDO JOSÉ NAVAS MOLINA

Jr. Quality Assurance Specialist — Backend / Full-Stack / QA

Quito, Ecuador · navasfernando75@gmail.com · LinkedIn · GitHub · Portfolio

## PROFESSIONAL PROFILE

Graduate in Information Systems Engineering (PUCE, 2026) with hands-on experience in full-stack development (Node.js, Java, Angular, PostgreSQL) and manual and automated QA (Selenium, Cucumber, Karate, Playwright). Currently a Jr. Quality Assurance Specialist at NTT DATA, focused on E2E testing with Playwright and AI-assisted QA documentation. Seeking to keep growing in software development, QA, or automation, bringing a fast learning curve and a results-driven approach.

## EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                              |
